

2021 Course of Action Scholarship Program

The Course of Action (COA) Foundation began its scholarship program in 2014, by granting funds to highly selective, last-dollar scholarship for outstanding, minority, high school seniors from low-income households. Each year, the scholarship is awarded to five of these student leaders, with the intent of helping them realize their maximum potential.

The program, designed to help cut out financial barriers for students seeking to obtain state-regulated or industry-recognized credentials with marketable job skills which lead to sustainable wage careers within their local communities. Students are recognized for their commitment to excellence, capacity to lead and serve, as well as their commitment to making a significant impact on their schools and local communities. Our application is open!

The Course of Action Scholarship offers five \$1000K to high school students. Recipients of the scholarship will be selected by the COA Scholarship Selection Committee provided they meet all eligibility criteria. Preference will be given to students with limited or no access to financial aid from other programs.
